Chip and Kristine,

Per EPA direction in the letter dated February 25, 2011, the Lower Willamette Group has posted a series of Excel files for EPA review and comment at the following location:

PHCP Files | Documents Under Review | 2011-03-17\_HH New Risk Scenario Tables

These files contain the tables and calculations for the combined adult and child scenarios, evaluation of polybrominated biphenyl ethers, and breastmilk scenarios that will be included in the revised Baseline Human Health Risk Assessment for the Portland Harbor. Please contact Laura Kennedy or myself with questions.

Thank you,  
Cindy Ryals
